Audition Expectations

Please prepare a contemporary musical theatre or pop song that presents a developed character and tells a story. This song does not necessarily have to be from a musical, but it should be one that you feel comfortable singing and acting. **We'd like you to sing a 32 bar cut (approximately a verse and a chorus or 1 minute of the song).** We may ask you to sing it again in order to see how you take direction. Your audition may also include a quick range test.

We want to see you succeed!

Come in, show us what you can do, and remember to have fun with it.

We are so excited to see you at auditions!!!

Please Note: Every auditioner who is cast is expected to be in the production. If you decide not to accept or drop out after the list is posted, it will affect future casting. We want students to audition who want to be in this show, and dropping out is not fair to those who could have gotten in. Of course there are extenuating circumstances that arise and will be dealt with on an individual basis.

Audition Card

Please fill out the audition card and bring it to your audition. You also must fill out all the information in the following Link by January 16th:
